Feel free to give them my contact information. Please also refer them to EPA's published management measures, which state CNPCPs must meet:

The OSDS management measures are described on page 97 and page 112, with supplemental material on succeeding pages.

**Subject:** EPA/NOAA Contact for Tenmile Lakefront Owners

Good afternoon.

After the public hearing on HB 3172 last week, the Tenmile Lakefront Owners approached me and were looking for a contact at EPA and/or NOAA to talk to about the CZARA requirements, management measures, water quality, etc...

I told them I would see if I could find a contact or two and get them a name and number.

Can you please tell me the best person(s) to get them in contact with?

I believe that they have questions regarding EPA/NOAA approval of our CNPCP, specifically the management measure for onsite septic systems.

Thanks,

Mike
